A New System for Christmas Giving/Gifts

Although we love receiving cards and goodies, they are short lived or not good for us. As some of the ponies were on restricted diets this year, the Centre would welcome money donations instead.

Please see the Christmas tree in the seating area, cards provided for you to decorate the tree for all to see, and a box for donations. Or see wish list of items we would like in the office.

News for Conker

Conker one of our horses has won a saddle from RDA due to RDA celebrating their 50th Birthday!

Thank you to Argos Financial Services Office Milton Keynes

Thank you to Argos for all the volunteers on Thursday 31st October clearing circular ride, allowing us to use this during the dryer weather. See before and after picture (right).

Wanted, could you help?

Volunteers for all days, did you know we also support those who want to volunteer with us as part of their DoE?

Coach, did you know you could become a RDA coach by volunteering?

Meet Sam, he is 14.1hh, piebald cob, born in 2003. He arrived to the centre in September 2016.

Fun Fact

Horses can sleep both lying down and standing up.
